INVESTIGATE THE TAX SCAM
DAY OF ACTION JUNE 12

TELL CONGRESS: Investigate Where Billions In Tax Breaks To Massive Corporations Went.
1-855-980-2231

Tell the person who answers the phone:

We were told that tax cuts for big corporations would result in more jobs and higher wages, but companies instead ran away with billions, cut jobs, and failed to provide wage increases. Please support an investigation into what big corporations really did with their tax cuts.

Congress told us the corporate tax cut bill they passed in 2017 would push companies to create jobs, raise wages and stop off shoring, but it didn't.

The bill was a scam. AT$T ran away with a $21 billion tax cut windfall and has eliminated over 23,000 jobs. The company keeps sending work to low-wage and overseas contractors, devastating families and communities across America.

Corporations want to increase executive pay, reward large shareholders, and pursue profits at any cost — they're not looking out for us. **If we want a better future for all working people, we must push Congress to hold corporations like AT$T accountable to their promises.**

Workers in the AT$T Legacy T unit and AT$T Midwest have been fighting for over a year now, and AT$T Southeast Workers will be soon, for fair contracts that guarantees good jobs, affordable healthcare, and a secure retirement.
